Yes, we are still targeting the end of May to have a pre-proposed draft permit ready for EPA review.

Let me know if you need additional information.

Thanks, Jeff

Subject: Question about Minntac permit for Tuesday's call

On the Joint Eval call in April, there was mention of Minntac's draft permit being ready by the end of May. Can you let us know on our Tuesday call if that is still on track at this point? Thanks. I plan to send a draft agenda to everyone on Monday.
